

NGO Pulse Premium Advertising Service

The NGO Pulse Premium Advertising Service is SANGONeT's offering to the nonprofit sector and anyone interested in communicating with nonprofit organisations in South Africa.

The Premium Advertising Service integrates all of SANGONeT's advertising and communication channels into a single suite of services and provides maximum advertising exposure as opposed to SANGONeT's free advertisements.

This advertising service gives users and clients the option of distributing announcements about their activities through the NGO Pulse Premium Advertising Service mailing list [SN Announce].
